words from the WHEELHOUSE

Commodore's Report

Well, our boating season has begun early again this year. Please make sure that you have all of your required safety gear on board and that you have re-familiarized yourself with the operation of your boat before heading out. For the power boaters, it is always a good idea to ensure that you warm up your engines fully to ensure that the engines' cooling pump is functioning properly before heading out for the first time.

Thanks as well to Gail James and Lisa Neilson for organizing the St. Patrick's Day and Newcomer's events. Both were a roaring success.

Many thanks to all of those members who showed up for the Spring Clean-up! It was a lot of fun and always amazing at how much we can get done when there is a good crowd of volunteers. Craig Gates and Scott Thresher did an amazing job in organizing this important annual event!

A big thanks as well to Darwin and Sue Harmon for organizing the yard sale following the Spring Clean-up. The club did extremely well selling off a lot of unusable items that had been stored in the hold for years.

As Commodore, I am really impressed at the number of volunteers that come out to participate in these events. They learn that it is a lot of fun and they get to know other members much better in the process while contributing greatly to the club.

As Alan James has reported, the majority of the storm damage has been repaired. Alan and others have worked hard to see this work completed on time for the boating season. Many thanks to all of those who have aided in this repair process.

The next event is the Commodore's Ball and Sail Past (June 11th and 12th) followed by Lobster night on June 24th. The Commodore's Ball and Sail Past is an opportunity to honour your Commodore and Directors and although there are some yacht club formalities to conduct this is a fun filled occasion and another chance to party on both days.

With respect to Lobster Night, I have made contact with our lobster supplier in Halifax and he assures me that the lobster season is starting well. If you love lobster or a good steak, this is a "do not miss" event. "Cod Gone Wild" is returning again this year so plan on attending and having a great time

becoming an honorary Newfoundlander by taking part in the "Screeching In Ceremony"!

The Anchor Club, is again being led by Michele Pearson and they commence serving their Thursday night dinners on May 12th. These are great times to meet new members and to re-establish connections with friends. Please help us all by volunteering to assist in these dinners so that we can maintain reasonable prices for these events. Sign up on the pad in the Pendozi and help make this year the best ever!

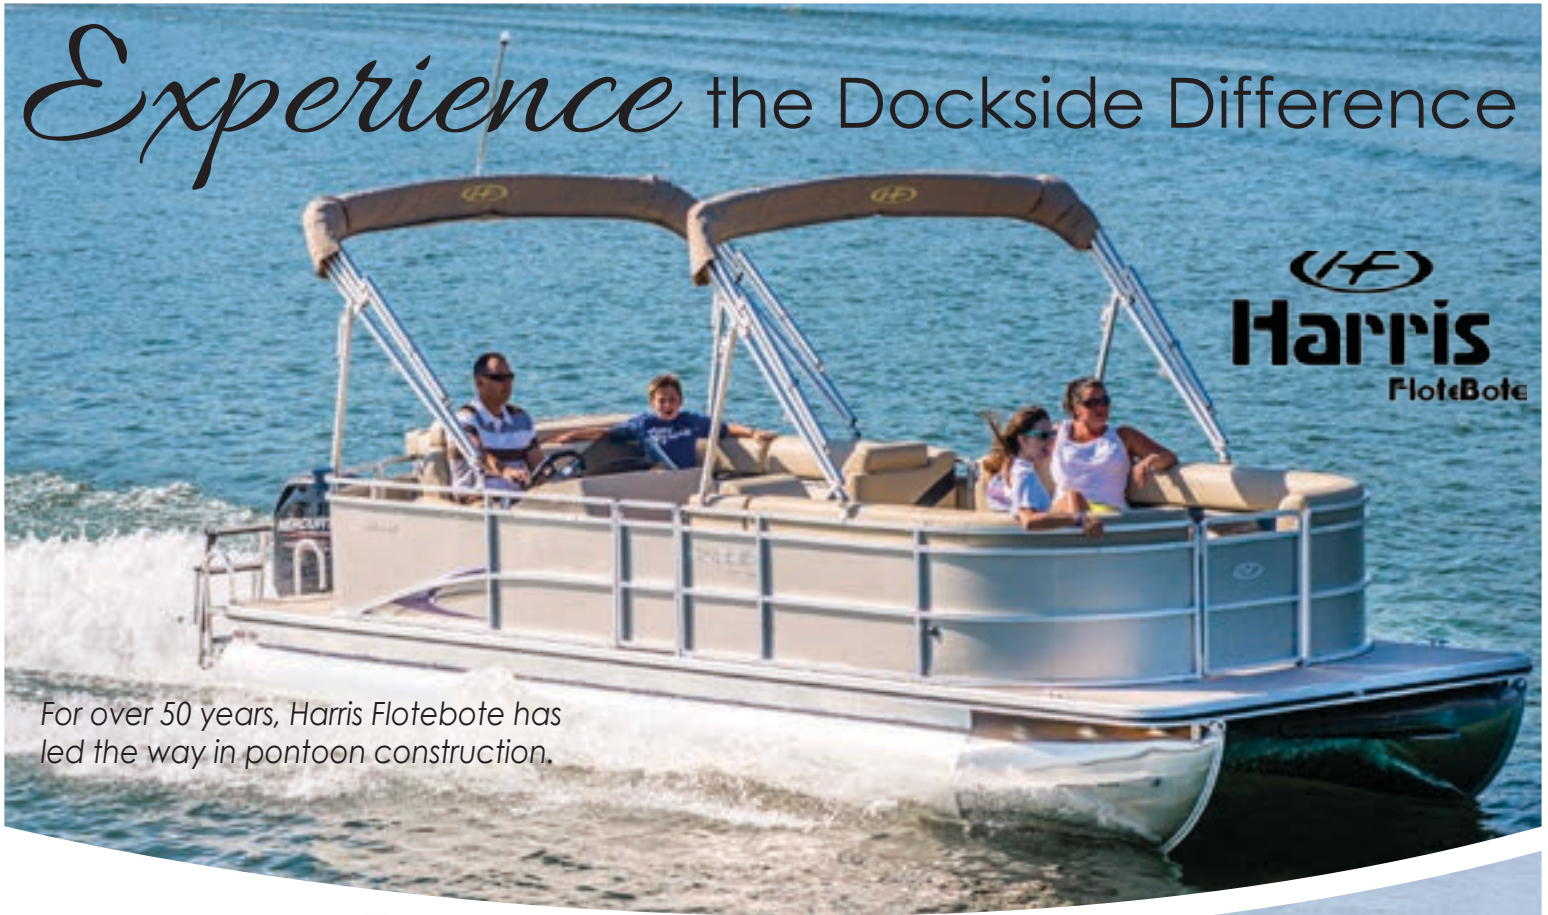

You may notice new safety rings located around our moorage basin. These have been provided by Selka Boat Centre Ltd. and are a very good complement to the other safety equipment in the basin. Please help to ensure that they are maintained in good condition and remain where they can be accessed in case of an emergency. A big thanks to Dirk and Selka Boat Centre for this improvement!

Have a great summer and I look forward to seeing you at the Commodore's Ball and Sail Past!

Rear Commodore's Report

Spring is here, the lake has risen and all the debris that could possibly find a way to float into the lake has done so. There are a lot of branches small logs and other obstacles lying in wait out there so just a reminder that if you are like me and get your boat in the water early keep an eye out for the obstacles.

I would like to say the fish are biting however not on my line. A lot of members have inquired as to the condition of the docks and where we are at with the repairs from last November's storm damage. I am happy

to report that for the most part we are well ahead of the game. Although you still need to check with our Harbour Master prior to putting your boat in for the season there should not be many issues. The storm damage should be completely repaired over the next few weeks. There has been a lot of work done on getting the insurance claim resolved and the schedule for the repair work. In this regard I want to thank Alan James for the many hours of time he has spent and volunteered to get this project done.

As the boating season gets underway

just a reminder that if you need to enter the club to use the facilities or for some other reason please make sure that the door is closed and locked after you leave. Again thank you to all the members that donate their valuable time to assist with club functions repairs and volunteering wherever they can. It is the members that make our club great.

Enjoy the start of the season and have a safe time on the lake.

Pat Pope
REAR COMMODORE

Acting Staff Captain's Report

What a great spring we have had so far. The basin is looking great after the repairs that were done and we are looking forward to a stellar summer. I am excited for the Anchor Club dinners to start up and we are going to be looking to our members to help out with the ever needed volunteer work. The spring cleaning was a big hit

and we had more members out than we had planned for so a big thank you to all that attended. Tom's burgers were a hit!!

We are looking forward to the next couple of events, the Commodore's Ball is fast approaching and will be a great way to show your support not only to the club but to the hard work Brian has

put in as the Commodore. As always the Sail Past will be a fun way to show our respect to the Commodore.

I can't wait to see every one at the events and dinners.

Harbour Master's Report

Happy Spring! It looks like we are having an early summer out there. The lake came up really quick this year and I've never seen so much debris in Gellatly bay, be careful out there.

All the docks are repaired now from the storm in November, things should be back to normal now.

This July we will be verifying that the office has all the correct information on file regarding your boats. We will be checking registration numbers and measuring everyone's overall length to update our records and ensure accurate and fair allocation of moorage fees.

It's going to be a busy couple months at the club with some final repairs going on with the docks, but they can all be used at this point.

See you at the club.

Entertainment Director's Report

BLACKJACK! F A R K L E !
SWEET! NOOOOOOO!

If you were at the New Comers' Casino Royale event on April 16th then you know what I mean with the above statements. The club was alive with the sounds of people hooting and hollering as they tried their hand at Blackjack, Farkle and the Money Wheel. A huge thanks to our table playmakers – John Hudson, Craig and Joan Gates, Doug Pearson and Gord Neilson as they worked tirelessly all night to relieve our members of their chips (oops, I mean give our

members their chips). The photo booth added a little extra spice to the evening as I'm sure you'll see from the pictures contained herein. Lots of prizes were won and a great time was had by all. We have some great new members that really know how to have a good time!

It's unfortunate that the Mad Hatter party had to be cancelled but we'll regroup and solicit input from members to see what changes we should consider for future events. If you have suggestions or aren't seeing something that interests you, don't hesitate to contact me. We're

always open to your input.

Next up... our Commodore's Ball featuring Julie Masi and Sail Past event the weekend of June 11th followed by Lobsterfest featuring Cod Gone Wild on June 24th. These will be fun filled events so you don't want to miss out. If you're interested in volunteering to help, drop me a note at lisa.neilson@waterplay.com

Outdoor Maintenance Report

We are ready and in good shape for the upcoming season. I echo the thoughts from Scott with a special thanks to all the volunteers who attended the Spring Clean up and helped out. It was an outstanding turn out!!! Gardens weeded, windows washed and general clean up completed. Again, thank you to all as it truly made our work easier. Thanks

again to Tom Cole for cooking dinner!

A general walk around shows the slips are in good shape, but if you see something that needs repair or is broken please let us know.

Part of the outdoor maintenance was to mount the Life Rings on each dock for use if someone should fall in the

water and require rescue. These were generously donated by SELKA BOAT CENTER and are not to be removed or used except in case of emergency or rescue. At this time we have yet to attach the throwing ropes to them but by the time this is published this should be done.

Minor repairs to the irrigation system and the water lines to "E" dock are being done.

Welcome back for the 2016 boating season.

OUTDOOR MAINTENANCE

Anchor Club Report

Wow! It sure feels like summer is here and if the turnout for the Anchor Club meeting is any indication of how the summer is going to go I think we are in for another amazing season!

Last year we tried to have something for everyone with some meals being very inexpensive to our steak nights which were our most expensive. We had a tremendous turnout for all the dinners so I think we achieved our goal and will do the same this year.

We have volunteers for all the dinners in May but we need people to step up for the rest of the months. If anyone would

be interested in hosting a theme night, we already have a group who puts on Greek Night every year. How about another theme like German, Mexican, Polynesian...? I can help you.

If you are working in the kitchen this year, please take a look in the Anchor Club closets – both by the pool table and the large cupboard in the dining room. We have added equipment since you may have worked in the kitchen last and I have made every effort to make sure things are kept together so you don't have to go hunting. You will also find tools in the large drawers in the island in the kitchen. All these areas are to be kept locked. I have keys and will

see that they are unlocked for you. The kitchen is always left unlocked. Please save money by checking the cupboards and the fridge before purchasing staples such as foil, parchment paper, oils, spices or condiments. I am keeping most of these things in stock so you shouldn't have to purchase them for your Thursday dinner. If you don't have time to go into the club and check, just email me and I will tell you what we don't have. I want to make things as easy for you as I can. If we are getting low on anything, please add them to my grocery list posted on the fridge.

Thank you to everyone who has volunteered both in the past, to those who I know will be stepping up again this year, and all of you who come out and support us. You make this club what it is – a fun place to eat, drink and enjoy friend's company. I look forward to seeing you all again this summer.

Michele Pearson
ANCHOR CLUB COORDINATOR

Indoor Maintenance Report

Happy Days! The weather is great and our Club is ready to receive YOU... so come on down!

A big thanks to all volunteers who provided the muscle to get the club

ready for the 2016 events and boating season. This year's spring clean up included the special task of cleaning out the hold, (below deck) of all those "nasty bits" collected over the years and hidden away, now for all to see

and displayed Sunday and sold at our first annual Parking Lot Sale. A great success. Once again a big thanks to all those who came out and volunteered. Special thanks to Tom Cole who cooked up some great Burgers with all the fix-ins and to Darwin Harmon who supervised the Parking Lot Sale.

If I've missed anyone thank you so much for all your help.

INDOOR MAINTENANCE

Moorage Directors' Report

To follow up on our last report on the progress of the repairs to the marina basin, approximately 90% of the work is complete. The contractor has worked very hard to have the basin fully functional before the Victoria Day Weekend. Please check with the Harbour Master, Terry, prior

to launching your boat to put in your assigned slip.

The dive company has now completed all inspections and any required repairs to the WKYC Moorage Buoys at Jenny's Cove, Halfway Bay and Reluctant Dragon Bay. Enjoy your summer on these buoys. They are marked with

WKYC information on the top.

The water will be available on the docks by May 5th.

Thanks to all the members who came out to the Spring Clean Up. It was nice to see so many out to spruce up the club, and empty out the hold. Thanks to Scott and Craig for organizing this event.

Thanks to Darwin for organizing the Parking Lot Sale the next day to sell off the items we no longer require.
